HOW ECONOMICS CAN SAVE THE WORLD

Economics has the power to make the world a better, happier and safer this book shows you how our world is in a mess. The challenges of climate change, inequality, hunger and a global pandemic mean our way of life seems more imperiled and society more divided than ever; but economics can help! From parenting to organ donation, housing to anti-social behavior, economics provides the tools we need to fix the biggest issues of today.

Far from being a means to predict the stock market, enrich the elite or track money around the globe, economics provides a lens through which we can better understand how things work, design clever solutions and create the conditions in which we can all flourish.

TURN-AROUND: THIRD WORLD LESSON FOR FIRST WORLD GROWTH

In *Turnaround*, economist Peter Blair Henry argues that the secret to emerging countries' success (and ours) is discipline -- sustained commitment to a pragmatic growth strategy. With the global economy teetering on the brink, the stakes are higher than ever. And because stakes are so high for all nations, we need less polarization and more focus on facts to answer the fundamental question: which policy reforms, implemented under what circumstances, actually increase economic efficiency? Pushing past the tired debates, Henry shows that the stock market's forecasts of policy impact provide an important complement to traditional measures.

CONTAGION

In *Contagion*, Talbott turns his attention to this crisis and offers insights on what can be done to navigate such treacherous terrain. Talbott sets the stage by discussing how government borrowing and spending on the war, healthcare, Social Security, and corporate giveaways combined with dramatic increases in personal spending, fueled by credit card and mortgage debt, have funded unsustainable levels of personal and government consumption.

DESTINATION MARKETING: AN INTEGRATED MARKETING COMMUNICATION APPROACH

Destination Marketing: an integrated marketing communication approach focuses on the five core tenets of integrated marketing communications. These embody both the opportunities and challenges facing Destination Marketing Organisations (DMOs), and Profitable customer relationships; Enhancing stakeholder relationships; Cross-functional processes; Stimulating purposeful dialogue with Customers; and generating message synergy.

The author seeks to provide a rationale for DMOs; to develop a structure, roles and goals of DMOs; to examine the key challenges and constraints facing DMOs; to impart a destination branding process; to develop a philosophy of integrated marketing communications; to lead the emergence of visitor and stakeholder relationship management; and to set forth options for performance measurement.

"STATISTIK SEGALANYA PASTI"

Tak kira walau apa
Cabaran dan aral melintang
Statistik meringankan
Segala beban yang menjelma
Gementar tiada

Prechorus

Bersama kita teguh hadapi
Bentala dipenuhi misteri
Namun statistik kan melindungi
Statistik petunjuk realiti

**VIDEO "STATISTIK
SEGALANYA PASTI"**

Chorus

Kesejahteraan negara
Perpaduan seluruh bangsa
Dengan irama data
Tidak hanya berbicara
Pagi hingga ke senja
Semangat yang terus membara
Data dan kehidupan berteraskan harapan
dan impian kemakmuran

Segalanya pasti
Bergalaskan strategi
Menuju aspirasi

Harapan... Keamanan
Impian... Kedamaian

TERIMA KASIH
